Summary

A final-year Artificial Intelligence and Data Science (AIDS) student specializing in Cloud and DevOps. Proficient in full-stack development, CI/CD pipelines, and infrastructure automation. Focused on building scalable, cloud-native solutions with strong foundations in system design and DevOps practices.

Education

K L University

Bachelor of Technology in Artificial Intelligence And Data Science - 9.3CGPA

Aug. 2022 – May 2026

Vijayawada, Andhra Pradesh

Krishnaveni Junior Collage

Intermediate - 75.2%

June. 2020 – May 2022

Khammam, Telagana

Experience

Technotran

AI/ML Intern

May 2024 – July 2024

Remote

- Focused on Artificial Intelligence and Machine Learning using Python to develop innovative solutions.
- Contributed to cutting-edge projects while expanding technical skills in AI and ML as part of a dynamic team.

Projects

Airline Reservation System (SDP-2) | *Java Fullstack, MySQL, Spring Boot, JSP* Dec 2023 – May 2024

- Developed a scalable airline reservation system with seamless booking, real-time flight tracking, and secure payment integration.
- Implemented role-based access and automated ticket generation, improving operational efficiency.

Tourism and Hospitality Management System (SDP-1) | *Python, Django, SQLite, HTML/CSS* Jul 2023 – Dec 2023

- Developed a user-centric travel app with real-time booking, location-based recommendations, and interactive map features.
- Enhanced user experience with streamlined navigation, secure login, and dynamic content rendering.

Skills

Languages: C, Java, Python,

Web Development: HTML/CSS, JavaScript, React, Flask, Django, Spring Boot, REST APIs

Databases: PostgreSQL, MySQL

AI/ML: Machine Learning, Deep Learning, NLP, Generative AI, Computer Vision

AI Tools: PyTorch, TensorFlow, Scikit-learn

Developer Tools: VS Code, Eclipse, Git, GitHub, Pycharm

Certifications: AWS Certified Cloud Practitioner, IBM Python, Salesforce AI Associate, Multicloud Network Associate

Cloud Technologies: Amazon Web Services

Soft Skills: Communication, Teamwork, Adaptability, Problem-Solving, Time Management, Leadership, Self-Driven, Collaboration in Remote Teams

Leadership / Extracurricular

Student Representative – Arise, AI & DS Department (Nov 2024 – Present): Liaise between students and faculty to resolve issues and enhance campus facilities. Advocate improvements through feedback and collaboration.

Best NSS Volunteer Award – KL University (Mar 2025): Honored for outstanding commitment to social service through NSS.

NSS Co-Coordinator – KL University: Led impactful social initiatives, demonstrating strong leadership, communication, and team management.
